

MEDICAL FINANCIAL ASSISTANCE PROGRAM

through Kaiser Permanente

The MFA Program can help you

At Kaiser Permanente, we are committed to improving the health of our members and the communities we serve. We encourage our patients to access needed medical services and treatment. We recognize, however, that from time to time some individuals may face financial circumstances that could prevent them from doing so. Through the Medical Financial Assistance (MFA) Program, we may be able to provide financial assistance to help you get the care you need, when you need it.

The MFA Program was established to assist patients with out-of-pocket expenses related to care provided by Kaiser Permanente practitioners.

In addition to applying for the MFA program we ask that you also contact community resources. Some agencies who may be able to assist you are listed in this brochure. In addition to applying for community resources, you can begin the application process for the MFA program.

Please visit the Patient Business Office for a complete list of eligibility requirements and/or obtain the necessary forms.

You may also call **404-949-5112** (TTY: **1-800-255-0056**).

Remember, it is very important that you contact your community resources in addition to applying for Medical Financial Assistance through Kaiser Permanente.

Medical Financial Assistance Policy Summary

Who is eligible for Financial Assistance and what are the requirements?

The program helps low-income, uninsured, or underserved patients who need help paying for all or part of their medical care. Patients are eligible for Financial Assistance when their Family Household Income is at or below 300% of the Federal Poverty Guidelines (FPG)*. Evaluation of other criteria may be required. Patients should consult with a Financial Counselor to determine eligibility and for assistance applying. Any patient who meets special circumstance criteria may be eligible for financial assistance.

What does the program cover?

The Medical Financial Assistance program covers medically necessary care provided at a Kaiser Permanente medical office or pharmacy, or provided by a Kaiser Permanente physician or Kaiser Permanente provider. The types of services not covered are premiums and dues; hearing aids; cosmetic; non-urgent and other services as defined by the program.

* To find out what the current FPL is, visit the United States Department of Health and Human Services online at aspe.hhs.gov/poverty.

How do I apply? Please request medical financial assistance information from any

IN PERSON

An interview with a Financial Counselor is the fastest way to determine MFA eligibility
